To: M. Rafiqul Islam (Nasim), Managing Director of the Bengal Logistics Ltd.

Dear Mr. M. Rafiqul Islam (Nasim),

Please accept my sincere thank you for your support of U.S. Forest Service International Programs (IP) as Managing Director of The Bengal Logistics Ltd. As you may know, IP is located within the Forest Service Office of the Chief, with majority program funding from the U.S. Agency for International Development, to promote sustainable forest management biodiversity conservation internationally.

One of IP's primary services is to link the skills of the field-based staff of the U.S. Forest Service with partners overseas, allowing the agency to address the world's most critical forestry issues and concerns. The scope of IP's overseas activities often require the engagement of local service providers to facilitate in country logistical, administrative, and financial support. Your willingness to provide your skilled attention to the US Forest Service program helps IP better achieve its mission to foster sustainable natural resource management, biodiversity conservation, and to support American forestry interests throughout the world while exposing the agency's workforce to new ideas and experiences.

We greatly appreciate your collaborative efforts in managing the US Forest Service account at Bengal Logistics Ltd. Since October 2015 until present The Bengal Logistics Ltd. has provided US Forest Service with program accounting services including international funds transfers, workshop and logistical support, transportation and venue support services, as well as providing specialized personnel for activity support purposes. Your willingness and capability to accept these assignments on such short notice was also very much appreciated. The US Forest Service program in Bangladesh is highly dynamic and the support of The Bengal Logistics Ltd. has been essential to the overall success of our activities.

It is our hope that the experience you have gained working with the US Forest Service has added value to your work. We look forward to more collaborative opportunities and the ability to potentially work together again in the future.

Once again we thank you for your support of this important work.

Warmest regards,
